Installing the Stand

Accessories List

- User Manual × 1
- Quick Setup Guide × 1
- Remote Control × 1
- Battery × 2
- Screw (M5×30) × 4

Installing the Stand

⚠️ CAUTION

Carefully place your TV facedown on a soft, flat surface to prevent damage to the TV or scratching to the screen.

- Lay the soft cushion on the table which can hold enough weight of the whole TV in case of causing damage to TV or person.
- Carefully remove TV and top cushion from the carton box. Put the TV with top cushion on the cushion, with its back upwards and the LCD downwards.
- To install the base stand, Secure the base stand to the TV with the 4 provided screws.

☑️ NOTES

Product image is only for reference, actual product may vary in appearance.
Installing the Stand

- **WALL-MOUNT BRACKET (not provided)**

  The TV's rear cover

  - 9 ~ 11.5 mm
  - Wall-Mount Bracket
  - Screw (not provided)
  - Spacer (not provided)

Image for reference only. Please subject to the actual TV.

- Check the jacks' for position and type before making any connections. Loose connections can result in image or color problems. Make sure that all connections are tight and secure.

**ANT** Connect an outdoor VHF/UHF antenna.

**LAN** Connect an ethernet cable to access a network or the Internet.
Turning the TV On for the First Time
The Installation Guide Menu appears the first time you turn on the TV. The wizard will guide you step-by-step through the initial setup and configuration of your television.

• Press [POWER] to turn on your TV, it will go straight into Setup Wizard menu.
• Press [▲/▼/◄/►] buttons to navigate the menu and change the settings. Press [OK] button to confirm.

Language Setting - Select your desired language to be displayed on the menu.
Select region - Select the country where you will operate the TV.
Remote pairing - Pair the remote control with the TV via Bluetooth.
Legal notice - View the legal information, you can send report to Hisense or not.
Connect to the internet - Connect your TV to access the network via Ethernet cable or WiFi. Please refer to the user manual (Setting > Wi-Fi or Ethernet) for more information.
Google Account - Log in or register a new Google Account.
Select use mode - Select the TV’s usage mode: Home Mode / Retail Mode.
Help Make Google TV better - Select sending report to Google or not.
Chanel installation - Search and store available TV channels according to the input signal.

HDMI / COMPONENT / AV
Connect an HDMI cable or COMPONET/AV Adapter from an external A/V equipment. No sound connection is needed for HDMI to HDMI connection. If the device signal resolution does not match the specification table you need to change the setting of device according to the table. Please consult your device user manual for instruction.

• To select the HDMI / Component / AV

Press the （） button to diaplay the Setting menu and select Video input, and then select the source [HDMI] / [Component] / [AV] to connect from the list.
Making Connections

**VGA & AUDIO**
Connect a VGA cable and an audio cable from the PC.
- To select the VGA: Press the button to display the Setting menu and select Video Input, and then select the source [VGA] to connect from the list.

NOTES
- The Picture is Only for Reference.
- If the LED is red, the remote has failed to pair with the TV, please repeat the pairing procedure until succeeding.
Installing Batteries in the Remote Control

1. Press and lift the back cover to open the battery compartment of the remote control.
2. Insert two AA size batteries. Make sure to match the (+) and ( - ) ends of the batteries with the (+) and ( - ) ends indicated in the battery compartment.
3. Close the battery compartment with the cover.

NOTES

- Dispose of your batteries in a designated disposal area. Do not throw the batteries into a fire.
- Do not mix battery types or combine used batteries with new ones.
- Remove depleted batteries immediately to prevent battery acid from leaking into the battery compartment.
- If you do not intend to use the remote control for a long time, remove the batteries.

Pairing the Remote Control

- The First Method
  The Setup Wizard menu appears the first time you turn on the TV. Step of the remote pairing, press and hold down the and buttons simultaneously until the red LED turns on.

  When the red LED lights, release the buttons and wait for the TV to pair with the remote. The blue LED on the remote control will flash three times when the pairing is successfully completed.

- The Second Method
  1. Enter Settings > Bluetooth to turn on Bluetooth.
  2. Press and hold the and buttons for three seconds simultaneously.
  3. Select Find nearby devices to search the remote control, and the remote control will appear in available devices, then press the [▲/▼] buttons to select the Remote Control and press the [OK] button to pair.
